The Mysore Commissioner requesting sanction to the Construction of a New temple of Sri Ramadevaru by the side of Sri Anjaneya Swami temple at Hoddu Kere hale Malavagal taluk by one Nallaramaiah Mukhi Sami at his own cost

(1) It is seen from the petition of Muni Sami dt 6.3.31 that the old Anjaneya Swami temple is located in his field bearing S.No 20. This temple is stated to have been endowed with 3 acres 6 guntas of dry and 1 acre of wet land. It is close to this temple that the Sri Ramadevaru temple in the village is proposed to be built. No mention is made as to how this Anjaneya Swami temple came in this neglected condition in spite of the endowment made & the person that is responsible for the same. However the present applicant has come forward to repair the said temple in a suitable way at his own cost. Records received are also silent about the arrangements for archana and maintenance in the proposed Ramadevaru temple. Before accord of sanction to the Construction

SIR,

In forwarding herewith the file of vernacular records relating to the construction of a new temple of Sri Ramadevaru at Doddattigalli, Kulbagal Taluk, received with the Kolar Deputy Commissioner's letter No. A2-C.2612/30-31 dated 5-10-31 copy enclosed, I have the honor to state as follows:-

There is an Anjaneya Swami temple at Doddattigalli endowed with 3 acres 6 guntas of dry and 1 acre of wet land. It is stated to be in a very dilapidated condition with no roofing. One Nakkarajahalli Munisami has come forward to repair the dilapidated walls and in addition construct a new temple of Sri Ramadevaru of 8 ankanams by the side of the old temple at his own cost amounting to Rs 700/- to Rs 800/-. The land on which the new temple is proposed to be built belongs to the applicant. The sketch enclosed in the records shows that 144 sq. yards are required for the construction of the temple. The applicant has agreed to pay 25 years assessment on one gunta of land required for the purpose which comes to Rs 1-9-0. He is also reported to be agreeable to have the institution under Government management, in case he gives rajinama to the land. The villagers are stated to have no objection to the construction of the temple.

In the above circumstances, I request that sanction of Government may be accorded to the construction of the new temple as proposed by the

Subject:- Construction of a new temple - Sri Ramadevaru Doddattihalli-Mulbagal Taluk - permission for.

---

I have the honor to forward herewith the file of correspondence ending with Kolar Sub Division Officer's No.GL/1702/31-32 dated 3-9-31 re: the above and to state as follows:-

There is one Sri Anjaneyaswami Temple on S.No.20 of the said village with dilapidated walls around it. One Nakkarajahalli Munisami states that he would repair the above dilapidated walls and construct a new temple (Sri Ramadevaru) of 8 ankanams by the side of the temple at his own cost which comes to R 700/- or R 800/-. Half of the S.No. in question on which the new temple is proposed to be constructed is in the enjoyment of the applicant. It is stated by the applicant that in case he gives rajinama to the land the temple may be taken under Government management. The Amildar permitted the applicant to construct the building and recommended for permission being given to construct a temple. But the record was returned for report with a sketch clearly showing the area required for the construction and to recover 25 years' assessment from the applicant if the land is appropriated for non-agricultural purposes. The Amildar was also informed that permission should not be given to construct the temple, until Government sanction is obtained. The Amildar has now submitted a sketch (Flag A). It is reported that 144 sq.yards are required for the construction of the temple and for this an extent of one gunta of land is required. The applicant states that he is ready to pay 25 years' assessment on one gunta of land which comes to Rs.1-9-0.

In the above circumstances I request you to kindly obtain sanction of Government for the appropriation of the land required and for the construction of the temple. The villagers have stated that they have no objection for permission being given to construct a temple.
